

BIOGRAPHICAL PROFILE

Chelsey Lambert

Founder & CEO
Lex Tech Review
Tampa, Florida
847.702.2774 – chelsey@lextechreview.com

Legal Technology + Practice Management Specialist. On a mission to educate, equip and empower law firm entrepreneurs.

I matchmake lawyers with the technology and resources they need to build a business that runs itself, so they can focus on what they love.

As the Founder and CEO of Lex Tech Review and the Legal Technology Media Group. Chelsey and her team provide legal technology, marketing, and law practice management education to lawyers and staff all over the world. She also published the nearly 200 page 2017 Legal Technology Buyer's Guide, the 2018 Law Firm Marketing Buyers Guide and several other publications. All of which aim to educate and save readers hours of research, headaches and costly mistakes.

Her career includes a combination of roles that give her a unique understanding of how solo to mid-sized law firms operate. From helping build legal technology products for lawyers, such as case management and payment processing software to serving as a practice management advisor and technology trainer for the Chicago Bar Association.

Don't be surprised if you run into one of Chelsey's various online courses, at a legal technology meetup or teaching a CLE at a bar association near you. She travels far and wide to fulfill her mission to help law firm entrepreneurs build better businesses so they can improve the quality of their life at home.
